

# Deloitte international

Deloitte in the Netherlands is part of an international network that comprises some 165,000 people across 142 countries. Together we deliver integrated expertise and innovative services on a global and a local level that is synonymous with professionalism, quality and integrity.

Matters such as professional quality management, risk management, professional expertise, marketing and the coordination of strategic issues are shared across the global organisation. Deloitte's objective is to be recognised by a broad group of stakeholders as the standard of excellence by the year 2010.

Our aim is to be the first choice for our clients worldwide by recruiting the best talent, leveraging our global presence and providing an integrated service offering in Audit, Tax, Financial Advisory Services and Consulting.

#### Client focus

Overall, Deloitte member firms audit or have above \$500,000 non-audit relationships with 83% of the 2008 Fortune Global 500®. We work in multidisciplinary teams across national borders to develop and implement innovative solutions for our clients.

The Deloitte firms of Denmark, Belgium, Germany, Central Europe and the Netherlands work together internationally within the context of Deloitte Société Européenne (Deloitte SE), a regional cooperation that is focused on serving clients seamlessly across borders.

#### Organisation and structure

Deloitte firms are members of Deloitte Touche Tohmatsu, a Swiss Verein ("DTT"). Each firm provides services in a particular geographic area and is subject to the laws and professional regulations of the country or countries in which it operates.

DTT helps coordinate the activities of the member firms but does not itself provide services to clients. DTT and the member firms are separate and distinct legal entities. As a member of DTT, Deloitte Netherlands is able to call on the huge intellectual capital offered by the thousands of Deloitte employees around the world.
